

Academic Standards and Policy Committee
Minutes
March 25, 2004

1. Members Present: Tony Brown, Alyson Greiner, Dennis Mott, Steven O'Hara, Andrea Arquitt

Members Absent: Karlee Mink, Mandy Bertling, Neil Luebke

2. Minutes from the February meeting were approved.

3. Greiner volunteered to record the minutes.

4. Steve O'Hara provided an update on the work of the Academic Integrity Committee.

5. Tony Brown reported on the Enrollment Management Council and explained that the council's charge is to develop an enrollment management plan that will include improving recruitment strategies in response to changing state demographics.

6. Extended discussion of the grading policy including the use of P/F, I, and AW grades ensued. Arquitt offered to contact Bill Ivey for additional clarification about the use of these grades. Discussion then turned to a consideration of the differences between academic renewal, forgiveness, and reprieve, followed by examination of relevant OSU policies. Some changes were suggested for clarifying the academic reprieve policy, but the committee determined that additional discussion and study was needed before an amended policy statement could be developed.
